What is MAHAVIDHYASADHAK PARIVAR?

MAHAVIDHYASADHAK PARIVAR, which was formed in 1999, is engaged in the sadhana of Ten Mahavidhya's

(Supreme wisdom, supreme gooddess) under the guidance and leadership of Gurudev Shri Sudarshan Nathji and Gurumata Dr. Sadhana Singhji, based in Bhopal.

Both our gurus were intimate disciples of Parmhans Swami Nikhileshwaraanand, our Sadgurudev, a great yogi of the divine land of Siddhashram, a place divine even to gods. Poojya Sadgurudev left his physical form in 1998 and thus ordered Gurudev Shri Sudarshan Nathji and Gurumata Dr. Sadhana Singhji to start promoting Mahavidhya Sadhanas and other sadhanas so that more people are benefited.

Our Gurudev then started publishing a monthly magazine called SADHANA SIDDHI VIGYAN, which was launched in 1999. Sadhana Siddhi Vigyan is totally devoted to the teachings of Adi Sankaracharya and Swami Nikhileshwaraanand. The ultimate aim is to help the people. Everybody on the earth is facing some problem or the other or has a desire or wish to be fulfilled. There are many individuals, who claim that they can solve the problems of the people. Many go on to trust these individuals, but the problems remain unsolved or the desires left unfulfilled even after spending huge amounts of money.

Our Gurudev helps people in need of help voluntarily and without monetary considerations. The objective is social welfare through the medium of Sadhana, Mantra and Tantra, which had become much maligned over the ages

due to the greed of corrupt priests and pseudo-Tantriks. Normally, people are afraid and despise the word Tantra, which had unfortunately become linked to vile practices like money spinning and satiation of carnal desires at the expense of the gullible and ignorant common folk.

To these individuals, a visit to the Gurudev's ashram in Bhopal once could make a difference. Gurudev will provide the right sadhana the right material, be it the Rudraksha or Sri Yantra, and will make you participate in different Shivirs he organises all over India.

There is no doubt that a visit can only benefit those who undertake it.

NIKHILDHAM, a temple situated 30 km away from Bhopal in a place called Bhojpur was inaugurated in March 2005 and the Shila stapana of Sadgurudev Nikhileshwaraanand was performed in June 2006. The temple is under construction and requires contributions from the people to accomplish the task. It is going to be a place for social welfare and a real place of worship of the sadgurudev, Dasa Mahavidhyas, Shiva, Sarabeshwar, Bhairav, Shani Ganapati and Hanuman, where individuals will be given Dikshas to perform their sadhanas. The Aim is to have an accommodation facility in place at the temple complex so that people from all corners of India and the rest of the world can come and stay at Nikhildham itself.
